## Engineering Course Requirements

### Requirements for Major in Natural Science with Concentration in Pre-engineering Studies

The core and distribution requirements for a major in natural science, concentration in pre-engineering studies are outlined below. Exceptions can be made depending on the particular requirements of the school to which a transfer is planned for completion of the dual degree program. A GPA of 3.0 for all courses as well as math, science, and engineering courses must be maintained to improve consideration of acceptance into engineering programs.

The choice of Engineering Electives is dictated by the choice of engineering field the student goes into. The student is responsible for communicating their interests to their advisor so appropriate choices can be made. For example, a Chemical Engineering major would chose Organic Chemistry I and II as their electives, while a Mechanical Engineering major would chose Statics and Dynamics. Students must complete at least 96 semester credits at Covenant College with a grade point average of 2.00 or higher.

Students attending institutions employing the quarter system should complete a minimum of 45 credit hours in their major science or engineering program with a minimum GPA of 3.0 on a 4-point scale.

Students attending institutions employing the semester system should complete a minimum of 30 credit hours in their major science or engineering program with a minimum GPA of 3.0 on a 4-point scale.

## Natural Science – Nursing Degree Program with Vanderbilt University

Covenant participates in a dual-degree program leading to a Master of Nursing Science at Vanderbilt University in Nashville, Tennessee. Students attend Covenant for three years and apply to Vanderbilt’s graduate school during their junior year. After successfully completing the first two semesters at Vanderbilt, the student would graduate from Covenant with a baccalaureate degree in natural science. After another full year and one term at Vanderbilt, the student would graduate with a master’s degree with a specialty in adult health care, primary care, psychiatric-mental health, perinatal nursing, neonatal nursing, parent, child and adolescent, or nursing administration. Further general information on the Vanderbilt MSN programs can be found at <http://www.nursing.vanderbilt.edu/msn/index.html> and more specific information about the dual degree partnership programs can be found at <http://www.nursing.vanderbilt.edu/msn/snryria.html>.

Important notes: 1) Although Covenant students have been successful in the Vanderbilt MSN admissions process, admission is competitive and is not guaranteed by simply completing Covenant’s program requirements. 2) Because of the rigorous nature of this program, a minimum combined SAT score of 1100 (sum of the critical reading and math section scores), or composite ACT score of 24 is normally required for those entering the program. Interested students with lower test scores should consult the Biology Department chair before registering for courses required in the program. 3) In order to finish the Covenant portion of the dual degree requirements in 3 years, students in the program may need to take the required Microbiology course and a social science elective course during a summer term before enrolling at Vanderbilt. Suitable courses are widely available at community colleges may be available during Covenant’s May term. Before taking a summer course, students should get the course approved for transfer (See Professor Wenger).
