DATE: July 15, 2016  
RE: Fall 2016 Final Examination Schedule

Below you will find the final examination schedule for the fall semester. It implements a time schedule and placement of an examination based on the time the class meets during the semester. Locate the time of your class in the grid below. The date of the exam is listed above and the time of the exam is listed to the left. For example, classes that meet from 3:00-3:50 p.m. MWF will have their examination from 8:00–10:00 a.m. on, Thursday December 15, 2016. In no case should a student plan to leave campus prior to the end of his/her last examination. Students are required to take their final examinations at the scheduled times. The Vice President of Academic Affairs has directed faculty members to consider granting exceptions only if:

1) an instructor has a course with more than one section, and it is convenient for a student and instructor to take the final examination at the time scheduled for a section of that course other than their own. Please make these arrangements directly with the instructor.

2) a student has three examinations in a row on the same day. Students must visit the Office of Records at least one week before exams begin to make arrangements for an alternate time for one of their exams.

3) a student is seriously ill, has a death in the family, or has car trouble,

4) a student is participating in a college-sponsored event

In case of (1) or (2) above, a student will take his/her examination during the regular examination schedule (Monday-Thursday). In case of (3) a student may have to postpone his/her examination until a time later than the regular examination schedule, until which time a grade of Incomplete will be recorded. In case of (4) a college sponsored event, students must appeal for an exception from the Vice President of Academic Affairs. Should an exception be granted, the Office of Records will manage the administration of examinations for affected students in cooperation with affected faculty.

An examination will be held in their usual classroom unless otherwise designated by the instructor. Classes which meet during two of the time periods may elect either exam period, at the discretion of the instructor. Classes which meet at times not listed may arrange an exam time suitable to the instructor and students during the time slots noted below. Check with the Office of Records to confirm that a room is available at that time.
