# Community Development Major

## Four Year Sample Plan
For students entering in the 2020-2021 academic year

This template contains all of the courses required to complete a bachelor of arts degree with a major in Community Development.

Many core courses are offered both fall and spring semesters as well as May Term. It is important to follow course sequences and prerequisites. To add a minor to this plan, replace Elective hours with the minor courses, keeping a minimum of 126 hours. If a student is exempt or places out of a requirement (e.g. math or foreign language), hours are not awarded, so increase the elective hours to reach 126 total hours.

Distribution requirements must be fulfilled with courses in a department outside of the major. For example a student pursuing the Community Development major must take a course outside of CDV/ECO to fulfill the social science distribution requirement. The Core Diversity requirement is fulfilled by CDV 210.
