

CAMPUS ACCESS

EOP Section C. 1.

Covenant College has an open “private” campus. As a result, access to campus facilities is not limited to members of the campus community. The South Campus Road (i.e. the route to the baseball and intramural fields) is frequently used by hikers to gain access to the area’s network of trails, which traverse college property. Any individual may obtain a gym access pass, allowing them use of the college’s gym and workout facilities. The library is likewise open to the public. All members of the campus community should make note of this and should always be aware of their surroundings, even on campus.

All students and employees are issued an identification card, or ScotsCard, at the beginning of their enrollment or employment at the College. All employees are requested to carry their ScotsCards with them while on campus. Each ScotsCard is also a key card, granting access to electronic doors installed in many campus buildings. Interior and exterior doors of campus buildings are locked each evening by security officers.

The college also uses video surveillance cameras to monitor the entrances to the residence halls and other campus buildings.
